SUPERINTENDENT'S MESSAGE

This Parent/Student Handbook is designed to assist parents/guardians throughout the school year and contains much information that you will find helpful to you and your children.

The past year has been both challenging and inspirational. Our community has always been known for expressing the most sincere care and support for each other during our challenging times. In the face of frustration and heartache stemming from the pandemic, we have persevered and collectively grown together in many ways.

We hope that the content of this handbook fills you with as much pride as it does for us. Our high school was honored for the 5th consecutive year as one of *US News & World Report's* "America's Best High Schools." Gloucester High School students outperformed the global average student score and overall global passing rate in each 8 different AP courses. We couldn't be more thankful to have maintained many of our greatest traditions throughout this year including Prom and Homecoming, National Junior Honor Society and National Honor Society induction ceremonies, 8th Grade and High School graduation, and Cold Springs School's "Clap Out" and Field Day. Words can't adequately express how much effort it took from so many people to make these possible.

All three athletics seasons were completed at both GMS and GHS. Although the State couldn't provide end-of-year tournaments for each season, it was wonderful to see the joy brought back to 5th & 6th grade athletes through our Varsity athletes. Our students' and staff commitment to service was also not deterred by the pandemic. Student groups from each district school participated in local clean-up days, donations to the homeless, care packages for essential workers & Children's Hospital of Philadelphia, and Autism Awareness Week. Our Special Education programs, including our community-based instruction and our 18-21 year old programs, continued to expand the

hands-on opportunities that they present students with throughout the community to prepare them for career success. Once again, we have exhibited our willingness to go “above and beyond” to support each other in pursuit of success.

Improvements to facilities throughout all school district campuses last year were incredible. At the high school, we completely renovated our athletic stadium with a new turf field and track, reopened our Media Center and student lounge with a brand-new design and state-of-the-art technology throughout, and beautified our main courtyard. Gloucester Middle School opened up a TV Studio. The products the students and staff are creating are amazing. Cold Springs School added an outdoor basketball court for students to enjoy during recess and an outdoor shaded area to support outside instruction. All of these projects were accomplished while only raising the average Gloucester City family household’s taxes by \$3.57 per month.

At their best, schools are cornerstones of communities. They provide community members with a common experience and shared belief in the future. In the year ahead, we will continue to work to ensure that our schools advance as "homes" that students look forward to attending, staff love working at, and parents are proud to send their children to. We’re excited about the magic that unfolds when we’re together in classrooms, offices, athletic arenas, and performance stages returning and filling our hallways like never before.

Sincerely,
Mr. Sean Gorman & Dr. Kimberly Chiodi

Gloucester City School District Child Study Team

The Child Study Team consists of a school psychologist, social worker, and a learning disabilities teacher-consultant (LDT-C). The Child Study Team will review all referrals to determine if a child requires a full evaluation. Written permission is required before the child can be evaluated. If the child meets the eligibility requirements for classification, an individualized educational plan (IEP) will be developed. A member of the Child Study Team is designated to be the child’s case manager and will assist parents, students, and teachers to implement the child’s special education and related services program. In cases in which other conditions exist that may warrant accommodations but do not fall under the auspices of classification, school level intervention plans may be developed through your child’s building level I&RS processes. These processes are initiated at the teacher level and follow a tiered system of interventions. In cases that exhaust this process, a 504 plan may be considered.

Special Education Parent Advisory Group (SEPAG)

Is your child a different learner? Does he or she have an IEP, a 504, or receive other special services through the special education department? We encourage our parents and guardians to join the Special Education Parents' Advisory Group (SEPAG) to become more active in your child's education. SEPAG gives the opportunity to provide input and advice to the district regarding matters pertaining to students with disabilities. We invite you to join [GSD SEPAG Facebook Page](#)

PARENTAL RESPONSIBILITIES

The Board of Education of Gloucester City believes that the education of children is a joint responsibility, one it shares with the parents/guardians of the school community. To ensure that the best interests of the child are served in this process, a strong program of communication between home and school must be maintained and parental involvement in district concerns encouraged.

Therefore, parents/guardians need to recognize their responsibilities to their children and to the school and community. Parents should understand that if their children hear them speak positively about principals, teachers, and the school system in general, they are encouraging respect for authority. This will, in turn, result in good behavior in the classroom and will contribute to a positive attitude toward learning.

Parents can help insure proper discipline in school by:

- Showing interest in their child's school progress and working with school personnel to solve disciplinary and academic problems
- Getting to know their child's school, its staff, curriculum, programs, and activities and by attending parent-teacher conferences and school/parent functions, such as Family and Friends and/or School Advisory Committee meetings.
- Teaching their child how to dress neatly and to be clean, well-groomed and wear clothes which are appropriate for school.
- Making sure their child goes to school, on time, every day unless their child is ill or has a contagious disease.
- Maintaining up to date telephone numbers at the school, including home, work, and emergency telephone numbers, addresses and health data.
- Contacting the school and explaining why their child is absent, as is required by New Jersey Statutes and School Board Policies.
- Teaching their child, by work and example, respect for law, for the authority of the school and for the rights and property of others.

NOTE: Students will not be called from class to speak with their parents/guardians for NON-EMERGENCY reasons.

GRIEVANCE PROCEDURE - Chain of Command

When a problem arises, please follow the proper chain of command:

1. Request a meeting first with the teacher and/or guidance department.
2. If the teacher and/or guidance department are unable to resolve the problem, you may request a meeting with administration.
3. If the problem is still not resolved to your satisfaction, you may request a meeting with the Superintendent of Schools.
4. *Only after attempting to resolve the problem in this manner should the Board of Education be consulted.*

BUILDING VISITORS

In order to ensure the safety of our students and staff, ALL visitors to the building must sign in at the security desk with the appropriate photo identification. Visitors will be issued a visitor's pass which must be visible at all times while on school grounds, and must be accompanied by a staff member AT ALL TIMES. Visitors not wearing the pass will be stopped by staff and asked to proceed to the security desk immediately. Unauthorized visitors will be subject to trespassing laws.

Parents and guardians wishing to meet with any staff member are requested to make an appointment in advance. Lunch money and other belongings must be left with security to be picked up by the student. Visitors and parents are not to visit a teacher's classroom unless the principal has given prior permission.

ARRIVAL AND DISMISSAL BY VEHICLE AT GMS

Parents bringing their students to school by car are requested to pull onto campus via the first 6th Street entrance into our parking lot and follow around to the left behind the our football field. Parents are asked to pull up as far as traffic will allow. For safety, students should exit the vehicles on the passenger side of the vehicles. Students are requested to be prepared to exit the vehicle swiftly so that the flow of traffic is not held up. Parents may exit either onto Jersey Avenue or onto 5th Street. Afternoon pick up is the same location as the morning.

When picking up your student during school hours, please park in one of the spaces located in our GMS Visitor Parking Lot on the corner of 5th and Market Street.

BICYCLE SAFETY

Students may ride bicycles to school. Bicycles must be locked to the racks provided, and are not to be parked in any other location other than on designated racks. The school will not assume any responsibility for bicycles. All students age 17 and under are required by state law to use helmet protection.

SKATEBOARDS AND SCOOTERS

Students are discouraged from bringing skateboards and scooters to school, as there is no designated means of securing them. The school will not assume responsibility for skateboards or scooters. Students are not permitted to use skateboards or scooters on school property. All students age 17 and under are required by state law to use helmet protection.

STUDENT ENTRANCE INTO BUILDING

Doors will open for students to enter the building at 7:48, the school day begins at 7:53 am. Student entrances are designated by grade level. Students may grab breakfast and go directly to their classroom. Once students have entered the building they are not permitted to leave without administrative permission.

EMERGENCY CLOSINGS **SCHOOL CODE #561**

In the event of inclement weather or other emergencies, school may be closed for the entire day or opened following a delay. Information about emergency closings or late openings will be relayed via School Messenger and displayed on the school webpage. Additionally, information will be provided to local radio and television outlets.

Please do not call the school to seek information about closings or delayed openings since our telephone system cannot handle the volume of incoming phone calls.

ONCOURSE CONNECT PARENT PORTAL

OnCourse Connect provides teachers with a base for communicating effectively with parents regarding student achievement in a secure online environment. Through this service, students and parents will have access to teacher contact information, student attendance, student assignments and homework, as well as other information important to student success. To access the OnCourse Connect portal, visit our school website or click [here](#).

SCHOOL MESSENGER

Gloucester City Public Schools use School Messenger to notify our community about important events and news. Parents can elect to receive messages via text messaging and email as well as a phone call. Please provide a cell phone number if you would like to receive text messages and an email address if you would also like to receive email alerts.

EMERGENCY PROCEDURES

Gloucester City Middle School has specific plans in place for crisis and emergency situations. These plans cover situations calling for school lockdowns and school building evacuations, as well as other emergencies.

Throughout the school year, drills will take place to assure compliance with various administrative regulations and to keep students and staff familiar with their responsibilities. Emergency responders from the city, county, and state levels will be involved when needed.

Administrators and teachers are charged with keeping order and supervision of students throughout the school day. This responsibility is even more critical during emergency evaluations. Students will be made aware of the procedures and behavior expected during an emergency evacuation by the administration in opening school meetings and by individual classroom teachers through the school year. Students failing to follow procedures and/or emergency instruction will be disciplined.

K-9 DOGS IN BUILDING

Gloucester City Middle School will use K-9 dogs periodically and unannounced on our premises to inspect hallways, lockers, locker rooms, gyms, parking lots, etc. as one means of ensuring a safe school.

LOCKER USAGE

Students are permitted to use their assigned locker at any time between classes. However, it is recommended that students organize themselves so that locker usage is kept to a minimum.

NOTE: Usage of locker between classes is not an excuse to be late to class. The administration reserves the right to alter the above locker usage procedure if students are reporting late to classes.

STUDENT BACKPACKS AND BOOKBAGS

All student backpacks and book bags must be secured in the student's assigned locker during school hours. Students are prohibited from carrying book bags from class to class, although students may carry a small *purse or handbag*. In addition, students may carry their laptops in the cases provided.

PHONES, EARBUDS, AND PERSONAL ELECTRONIC DEVICES

Students are prohibited from using cell phones, earbuds, and personal electronic devices during school hours unless authorized for a specific instructional purpose. Such items should be stored in a student's locker or laptop bag, and are subject to confiscation for inappropriate or unauthorized use (Discipline Code Offense #27).

NOTE: Such devices are strictly forbidden to be used in the halls between classes, as this constitutes a serious safety violation.

GYM LOCKER ROOM

Gym lockers are only to be used for athletic practice and games. Any locks left on a locker overnight without prior approval may be removed at the direction of administration.

FOOD AND BEVERAGE

During the hours in which classes are in session students are not permitted to have open food or beverage containers in the hallways. Closed, sealed containers for lunch may be kept in lockers during the school day and retrieved prior to moving to the cafeteria. Students are not to leave the cafeteria with open food or beverage containers.

NOTE: Under no circumstances are students permitted to place calls for delivery of meals to outside fast-food establishments. Any violations will be disciplined accordingly.

STUDENT DRESS CODE: [BOARD POLICY #5511](#)

Dressing appropriately for school shows pride in oneself and the school. Thus, clothing should be clean, appropriate, and not extreme. Students whose attire, in the judgement of teachers or administrators, does not meet this requirement may be sent home to change. Good judgement should dictate what to wear in an educational environment. Any classes missed due to inappropriate attire will count toward the pupil being considered absent as per the Attendance Policy.

The administration/faculty shall enforce the dress code with the administration having the final decision regarding all matters concerning the dress code. Garments or accessories that depict bias or hate are strictly prohibited.

A. **Footwear** – Students may not wear footwear that would be potentially hazardous during an emergency or evacuation. Students are prohibited from wearing the following:

- Slippers
- Flip flops or thongs
- Shoes with a heel higher than 1”
- Shoes with untied or missing shoelaces
- Shoes without straps
- Shoes with a sole thicker than 1”

NOTE: Students should change into appropriate athletic footwear for PE class.

B. **Shirts, Blouses, Tops** – Shirts/blouses should extend downward and either over or under the bottom garment. A student’s stomach and lower-back areas should not be visible. Shirts, blouses, or tops that violate the acceptable Dress Code Policy:

- Midriff tops
- Tank tops and/or tops with enlarged armholes that do not provide coverage of the upper body may not be worn unless another shirt is worn underneath that does provide appropriate coverage (males & females)
- Spaghetti straps (straps must be at least two inches wide)
- Tube tops or off the shoulder tops
- Sheer or see-through tops
- Sheer tops/see-through tops
- Shirts with printed mottos or pictures that are offensive, immodest, promote illegal drug use (tobacco, alcohol, bars, etc.) or sexual violence
- Any top that breaches good taste or is obscene (administrative discretion)

C. **Shorts, Pants, Dresses** – Appropriate length shorts, skirts, and dresses may be worn. All dresses, skirts, and shorts, and skirts must be at least mid-thigh in length. The following are considered inappropriate and therefore are prohibited:

- Pants worn lower than waist level
- Tight fitting or immodest shorts, pants, or dresses (administrative discretion)
- Spandex used as outer garments (including leggings that are skin tight)
- Underwear worn as outerwear
- Pajamas
- Items that are frayed/cut-off or have tears or unsightly holes

NOTE: Leggings may be worn if underneath shorts, skirts, tunics, dresses, etc.

D. **Hats and Other Accessories** – The following violate the acceptable Dress Code Policy and are therefore prohibited:

- Hats and caps (including the wearing of hoods) or head coverings not governed by religious belief
- Bandanas, head scarves, or sweat bands
- Sunglasses
- Chains as belts or other accessories

NOTE: All head wear must be kept in the student’s locker during the school day!

E. **Outdoor Coats** – Outdoor coats and jackets should not be worn in the classroom except in emergency conditions directed by the principal or with the permission of the classroom teacher.

- F. **Jewelry** – Students are discouraged from wearing jewelry, especially earrings and other body piercings, during PE classes. PE teachers may request a student to remove jewelry during class if they deem it to be potentially hazardous to the student’s safety.

NOTE: Because no dress code can be all inclusive, the administration reserves the right to make the final decision on all attire.

AFFIRMATIVE ACTION POLICY
STUDENT AFFIRMATIVE ACTION AND EQUAL EDUCATIONAL OPPORTUNITY:
[BOARD POLICY #1140](#)

Affirmative Action Officer and Title IX Coordinator – Dr. Kimberly Chiodi

The Board of Education shall adopt and implement written educational equality and equity policies in accordance with the provisions of N.J.A.C. 6A:7 – Managing for Equality and Equity in Education.

The Board’s affirmative action program shall recognize and value the diversity of persons and groups within society and promote the acceptance of persons of diverse backgrounds regardless of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, religion, disability, or socioeconomic status. The affirmative action program will also promote equal educational opportunity and foster a learning environment that is free from all forms of prejudice, discrimination, and harassment based upon race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, religion, disability, or socioeconomic status in the policies, programs, and practices of the Board of Education.

SEXUAL HARRASSMENT POLICY: [BOARD POLICY #5751](#)

The Board of Education will not tolerate sexual harassment of pupils by school employees, other pupils, or third parties. Sexual harassment of pupils is a form of prohibited sex discrimination. School district staff will investigate and resolve allegations of sexual harassment of pupils engaged in by school employees, other pupils (peers), or third parties.

The Board shall establish a grievance procedure through which school district staff and/or pupils can report alleged sexual discrimination, including sexual harassment which may include quid pro quo harassment and hostile environment.

Definitions:

1. Quid pro quo harassment occurs when a school employee explicitly or implicitly conditions a pupil’s participation in an educational program or activity or bases an educational decision on the pupil’s submission to unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature. Quid Pro Quo Harassment is equally unlawful whether the pupil resists and suffers the threatened harm or submits and thus avoids the threatened harm.
2. Hostile environment sexual harassment is sexually harassing conduct (which can include unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature) by an employee, by another pupil, or by a third party that is sufficiently severe, persistent, or pervasive to limit a pupil’s ability to participate in or benefit from an educational program or activity, or to create a hostile or abusive educational environment.

This Policy protects any “person” from sex discrimination; accordingly, both male and female pupils are protected from sexual harassment engaged in by school district employees, other pupils, or third parties. Sexual harassment, regardless of the gender of the harasser, even if the harasser and the pupil being harassed are members

of the same gender is prohibited. Harassing conduct of a sexual nature directed toward any pupil, regardless of the pupil's sexual orientation, may create a sexually hostile environment and therefore constitute sexual harassment. Nonsexual touching or other nonsexual conduct does not constitute sexual harassment.

The regulation and grievance procedure shall provide a mechanism for discovering sexual harassment as early as possible and for effectively correcting problems. Please see the Appendix for further information on sexual harassment.

CURRICULUM AND INSTRUCTION

Gloucester City Public Schools are committed to a comprehensive process of curriculum planning and assessment to foster continuous improvement of student performance as measured by the local, state, national standards of excellence. Curriculum includes a scope and sequence of content, concepts, and skills taught in particular discipline, textbooks and other resource materials, identified measurable student learning objectives, and methods of assessing students' performance of learning objectives. During the summer months, teachers and administrators participate in one or more summer curriculum committees. These committees revise existing curriculum and develop curriculum for new courses. All curriculum is aligned with the New Jersey Student Learning Standards. As the State of New Jersey modifies or implements content standards, so too will the Gloucester City School District.

HIGHLY QUALIFIED TEACHERS

All teachers must be or become highly qualified in the core academics subject(s) they teach (English, Math, Science, Social Studies, the Arts and World Languages). This has been considered the best way of making sure that all students can achieve at high levels. The law also requires schools receiving federal funds to inform parents of their rights to ask about the qualifications of their child's teachers.

The federal definition of a Highly Qualified Teacher has three parts. Teacher must have:

- A four-year college degree;
- A regular (not emergency) teaching certification; and
- Proof of their content knowledge for the subject(s) they teach.

Teachers who are new (in their first year of teaching) or newly hired (in their first year in the school district) must meet these requirements at the time they are hired.

Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in the policy.

All staff members, pupils and school volunteers shall be alert to possible behavior, circumstances, or events that might include hazing. A person who detects hazing and/or planned hazing shall immediately inform the pupil(s) involved of the prohibition against this behavior and/or conduct and direct them to immediately cease all such behavior and/or conduct. All such incidents must be reported to the Building Principal.

The Building Principal will report to the Affirmative Action Officer and the Superintendent any incident reported from a staff member, pupil, parent, legal guardian or any other source. The Building Principal will also report information received from anonymous sources; however, any formal disciplinary action will not be taken solely on the basis of an anonymous report.

There will be no reprisals or retaliation against any person(s) making such report of hazing behavior. Any allegations of reprisals or retaliation shall be reported directly to the Building Principal who will investigate such allegations and take appropriate action if the allegations are confirmed and/or if the person is found to have falsely accused another as means of retaliation or as a means of hazing.

The Building Principal or designee will immediately investigate any report of actual or planned hazing. If the investigation determines hazing behavior was planned or was present, the administration will take reasonable, age-appropriate and effective corrective action to the end the behavior which may include, but is not limited to, counseling, warning, and/or disciplinary action. The administration may need to provide support services to the pupil(s) that was to remedy the past hazing behavior.

Pupils who cause damage to school property will be subject to disciplinary measures. The Board authorizes the imposition of a fine for the loss, damage, or defacement of a textbook and reserves the right to withhold a report card or diploma from any pupil whose payment of a fine is in arrears.

BOARD OF EDUCATION POLICIES #2361 & #5516

POLICY 2361- ACCEPTABLE USE OF COMPUTER NETWORKS/COMPUTERS AND RESOURCES

The Board shall develop a technology plan that effectively uses electronic communication to advance and promote learning and teaching. This system of technology shall be used to provide local, Statewide, national and global communications opportunities for staff and pupils. Educational technology shall be infused into the district curriculum to maximize pupil achievement of the Core Curriculum Content Standards.

It is the policy of the district to establish safe and effective methods for pupil and staff users of the district's technological resources. For full text of the policy, please click the link above or visit the district website at <http://gcsd.ss9.sharpschool.com/>.

USE OF ELECTRONIC COMMUNICATION AND RECORDING DEVICES (ECRD):
BOARD POLICY #5516

The Board of Education believes students and/or school staff members should not be subject to having a video or audio recording taken of any student(s) or school staff member(s) for any purpose without the consent of the student, the student's parent, and/or the school staff member. In addition to protecting the privacy rights of students and school staff members, the Board recognizes such recordings can be disruptive to the educational program. In addition, inappropriate recordings of educational material, student assessment instruments, and/or student assessment reviews can be used to compromise the integrity of the district's educational program or lead to academic dishonesty in the event such recordings are stored and/or transmitted to other students. Therefore, the Board of Education adopts this Policy regarding student use of electronic communication and recording devices.

“Electronic communication and recording device (ECRD)” includes any device with the capability to audio or video record or is capable of receiving or transmitting any type of communication between persons. An ECRD includes, but is not limited to, cameras, cellular and wireless telephones, pagers/beepers, laptop computers, electronic readers, personal digital assistants (PDAs), two-way radios, portable fax machines, video broadcasting devices, and any other device that allows a person to record and/or transmit, on either a real time or delayed basis, sound, video, or still images, text, or other information. An ECRD used in violation of this Policy will be confiscated by a school staff member or Principal or designee and the student will be subject to appropriate disciplinary action.

This policy does not prohibit the District's recording of students during instruction for the sole purposes of providing virtual or remote instruction (such as the instruction which occurred during the COVID-19 Pandemic). Said recordings shall be deleted by the District within one calendar year and only disseminated to other students and/or staff participating in virtual or remote instruction. Any student(s), and/or the student's parent may contact the Principal should they not consent to recording of students during instruction for the sole purposes of providing virtual or remote instruction. For full text of this policy, please refer to the district website at <http://gcsd.ss9.sharpschool.com/>.

ILLNESS WHILE AT SCHOOL

Except for genuine personal illness or some verifiable emergency, students will not be excused before the end of the school day. In case of illness, a student must report to the nurse with a pass from his/her teacher. A student will be credited with an absence in all classes missed while at the nurse's office, unless prescheduled, and may be sent home by the nurse only after a parent or guardian has been contacted. Students who leave school without the nurse's permission will be considered truant, whether or not parents are aware. The Administration requests that parents try to schedule all appointments after school hours and reminds parents that students are responsible for all missed work as result of early dismissals. Please have your biographical information card completed or updated. It assists us in contacting parents and/or guardians.

SPORTS PHYSICALS

Students who choose to participate in interscholastic athletics must receive a physical examination prior to their participation in a sport. New Jersey State Code N.J.A.C. 6a:16, states that this physical examination must be given by the student's "medical home" (family physician). The Gloucester City School District will conduct physicals before each sport season for students who do not have a family physician. Only one physical examination is required for the school year, students need not receive a separate examination for each season.

Any student-athlete who possesses, distributes, ingests or otherwise uses any of the banned substances without written prescription by a fully-licensed physician, as recognized by the American Medical Association, to treat a medical condition, violates the NJSIAA's sportsmanship rule, and is subject to NJSIAA penalties, including ineligibility from competition. A list of such banned substances can be obtained from the athletic director or the athletic trainer.

USE OF MEDICATION BY PUPILS: [BOARD POLICY #5330](#)

The Board of Education disclaims any and all responsibility for the diagnosis and treatment of an illness of any student. However, in order for many students with chronic health conditions and disabilities to remain in school, medication may have to be administered during school hours. Parents are encouraged to administer medications to children at home whenever possible as medication should be administered in school only when necessary for the health and safety of students. The Board will permit the administration of medication in school in accordance with applicable law.

Medication will only be administered to students in school by the school physician, a certified or noncertified school nurse, a substitute school nurse employed by the district, the student's parent, a student who is approved to self-administer in accordance with N.J.S.A. 18A:40-12.3 and 12.4, and school employees who have been trained and designated by the certified school nurse to administer epinephrine in an emergency pursuant to N.J.S.A. 18A:40-12.5 and 12.6.

Self-administration of medication by a student for asthma or other potentially life-threatening illness or a life threatening allergic reaction is permitted in accordance with the provisions of N.J.S.A. 18A:40-12.3.

Medication no longer required must be promptly removed by the parent.

All student medications shall be appropriately maintained and secured by the school nurse, except those medications to be self-administered by students. In those instances the medication may be retained by the student with the prior knowledge of the school nurse. The school nurse may provide the Principal and other teaching staff members concerned with the student's educational progress with such information about the medication and its administration as may be in the student's best educational interests. The school nurse may report to the school physician any student who appears to be affected adversely by the administration of medication and may recommend to the Principal the student's exclusion pursuant to law.

The school nurse shall document each instance of the administration of medication to a student. INFORMATION REGARDING SECTION 504 OF THE REHABILITATION ACT OF 1973:
[BOARD POLICY #2418](#)

Section 504 is an Act, which prohibits discrimination against persons with a handicap in any program receiving Federal financial assistance. The Act defines a person with a handicap as anyone who:

1. has a mental or physical impairment which substantially limits one or more major life activities (major life activities include activities such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working);
2. has a record of such an impairment; or
3. is regarded as having such an impairment.

In order to fulfill its obligation under Section 504, the Gloucester City School District recognizes a responsibility to avoid discrimination in policies and practices regarding its personnel and students. No discrimination against any person with a handicap will knowingly be permitted in any of the programs and practices in the school system.

The school district has specific responsibilities under the Act, which include the responsibility to identify, evaluate, and if the child is determined to be eligible under Section 504, to afford access to appropriate educational services.

The Gloucester City School District has a grievance procedure that asks that initial notice of any discrepancies be directed to the building's Compliance Officer. If the parent or guardian disagrees with the determination made by the professional staff of the school district, he/she has a right to a hearing with an impartial hearing officer.

PARENTS RIGHTS UNDER SECTION 504

Parents have the right to:

1. have their child take part in, and receive benefits from, public education programs without discrimination because of his or her disabling condition.
2. have the school district advise them of their rights under federal law.
3. receive notice with respect to identification or evaluation of, or service to, their child.
4. have their child with a disability receive free appropriate public education. This includes the right to be educated with students without disabilities to the maximum extent appropriate. It also includes the right to have the school district make reasonable accommodations to allow the child an equal opportunity to participate in school and school-related activities.
5. have their child with a disability educated in facilities and receive services comparable to those provided students without disabilities.
6. have their child receive special education and related services if the child is found to be eligible under the Individuals with Disabilities Act or Section 504 of the Rehabilitation Act.
7. have evaluation, educational and service decisions made based upon a variety of information sources and by persons who know the student, the evaluation data and service options.
8. have transportation provided for their child to and from a program not operated by the district if the district places their child in the program.
9. have their child be given an equal opportunity to participate in nonacademic and extracurricular activities offered by the district.
10. examine all relevant records relating to decisions regarding their child's identification, evaluation, educational program and services.
11. obtain copies of educational records at reasonable cost unless the fee would effectively deny them access to the records.
12. receive a response from the school district to reasonable requests for explanations and interpretations of their child's records.
13. request amendment of their child's educational records if there is reasonable cause to believe that they are inaccurate, misleading, or otherwise in violation of their child's privacy rights. If the school district refuses this request for amendment, it shall notify the parents within a reasonable time and advise them of the right to a hearing.
14. request mediation or an impartial due process hearing related to decisions or actions regarding their child's identification, evaluation, educational program or services. The parents and the student may take part in the hearing and have an attorney represent them. Hearing or mediation requests must be made to the District 504 Compliance Officer.
15. ask for payment of reasonable attorney fees if they are successful on their claim.
16. file a local grievance or citizen complaint with the school district, the state board of education and/or the Office for Civil Rights.
17. appear the impartial hearing officer's decision.

The Board is committed to the prevention of substance abuse and the rehabilitation of substance abusers by educational means, but will take the necessary and appropriate steps to protect the school community from harm and from exposure to harmful substances. Accordingly, the Board will establish policies and procedures in operating programs to support the social, emotional, and physical development of students in accordance with the provisions of N.J.S.A. 18A:40A-1 et seq. and N.J.A.C. 6A:16-4.1 et seq. Attendance at school shall not resume until a written report has been submitted to the parent, Principal, and Superintendent from a physician licensed to practice medicine or osteopathy who has examined the student that verifies the student's alcohol or other drug use no longer interferes with his or her physical and mental ability to perform in school.

No action of any kind in any court of competent jurisdiction shall lie against any employee, officer, or agent of the Board because of actions taken under the education statutes on substance abuse, N.J.S.A. 18A:40A-1 et seq., provided the skill and care given is that ordinarily required and exercised by other such employees, officers, and agents of the Board in accordance with the provisions of N.J.S.A. 18A:40A-13.

Any educational or non-educational Board employee who in good faith reports a student to the Principal or designee in compliance with N.J.A.C. 6A:16-4.3 shall not be liable in civil damages as a result of making such a report, as specified in N.J.S.A. 18A:40A-13 and 14.

In accordance with the requirements of the Act, the Board shall ensure implementation of Integrated Pest Management (IPM) procedures to control pests and minimize exposure of children, faculty, and staff to pesticides. These procedures shall be applicable to all school property in the Gloucester City School District. For the full policy, please refer to the district website.

STUDENT CONDUCT INFORMATION

PHILOSOPHY

"The Board of Education expects pupils to conduct themselves in keeping with their level of maturity, with proper regard for the rights and welfare of the other pupils, for the educational purpose underlying all school activities, and for the care of school facilities."

OVERVIEW

This procedural manual has been developed by the Gloucester City School District for the purpose of delineating school rules, practices and consequences as they relate to the administration of discipline in the school.

The intent of this code manual is to identify commonly recognized student behaviors that are unacceptable in the education setting and to be a general guide for students, teachers and administrators. As a listing, these codes are not intended to be all-inclusive. Certain situations may warrant measures different than those prescribed herein. In such instances, administrative discretion will prevail.

Gloucester City School district is committed to providing all children with educational opportunities designed to prepare them to be productive members of a democratic society by developing each individual's ability to use higher thinking skills, logically solve problems and make rational, responsible decisions. It is the specific responsibility of the school instructional staff and administration to provide an environment in which that education can take place. To that end, these codes seek to list those behaviors, and the consequences of those behaviors, that may impede or disrupt the educational program of the school and the safety and well-being of our students. It is our hope that this information will assist parents, students, and teachers in the identification of unacceptable behaviors and provide a clear and consistent explanation of consequences such behavior will merit. It should be noted that these codes also apply to those school sponsored events that may take place beyond the regular school day and away from the school building. We want to be proud of our students, but more importantly, we want them to have pride in themselves. To that end, we are committed to providing the best possible learning environment.

The school administration and/or Board of Education have the right to administer discipline for any other offense, which is in violation of the law or school district policy or procedures, or in violation of acceptable standards of conduct for students in the Gloucester City School District.

EXPECTATIONS FOR PUPIL CONDUCT: [BOARD POLICY #5500](#)

Students, parents, school administrators, and the Board of Education all agree that positive student commitment and behavior are essential to effective learning. At the same time, we believe that it is important to help students realize that their own attitudes and acts are directly related to their school experiences and that of their classmates. With the support and assistance of school personnel and parents, all students have the capacity to demonstrate actions which contribute to the effectiveness of schools and the work of their learning experiences. Commensurate with their maturation levels and individual abilities, all students can behave in ways that enhance the social relationships of the school and facilitate learning.

Therefore, we, the students, parents, teachers, administrators, and the board of education of this school district, expect all students to fulfill the behavioral expectations of the school community, and to:

- Prepare them mentally and physically for the process of learning.
- Demonstrate respect for people and property.
- Take responsibility for their own behavior and learning.
- Use time and other resources responsibly.
- Share responsibility when working as members of a group.
- Meet the unique requirements of each class.
- Monitor their own progress toward objectives.
- Communicate with parents, guardians and school personnel about school-related matters.

At the end of every school day students are expected to exit the building in an appropriate manner. Students may remain in the building for reasons such as: extra help from a teacher(s), sports, clubs, tutoring, student meetings, the extended day program, or any other school sponsored activity.

Students that leave the school building at the end of the school day which includes early dismissal days are expected to: cross at locations that have crossing guards, go directly home, notify your parent/guardian if you are not going directly home, act responsibly.

We expect our students to conduct themselves in a manner that will contribute to the overall educational goals and expectations of the school.

We expect our students to develop responsible attitudes of personal conduct and to respect the rights of others in the school. The school respects the rights of students:

1. To be heard;
2. To receive fair and consistent treatment;
3. To due process procedures

Students do not have the right to disrupt or impede the learning process of others, nor does any student have the right to jeopardize the safety and well-being of others in the school. Defiance of adult authority, or verbal abuse of those adults employed in the school will not be tolerated.

NOTE: Once a student is referred to the assistant principal, the assistant principal will evaluate the situation and, in the context of the student's disciplinary history and the consequences of his/her misbehavior, assign the appropriate disciplinary measures.

STUDENT SUSPENSION AND EXPULSION: BOARD POLICY #5610 AND #5620

We hope that verbal reprimands, conferences, and detention would deter repeated misbehavior by students. However, in some instances disciplinary offenses call for suspension, or, in extreme cases, expulsion.

The right of a school district to utilize these disciplinary procedures is defined in New Jersey Statutes: "Any student who is guilty of continued and willful disobedience, or of open defiance of the authority over him, or of the habitual use of profanity or of obscene language, or who shall cut, deface or otherwise injure any school property, shall be liable to punishment and to suspension or expulsion from school."

Student conduct, which shall constitute good cause for suspension or expulsion of a pupil guilty of such conduct, shall include, but not be limited to, any of the following:

1. Continued and willful disobedience.
2. Open defiance of the authority of any teacher or person having authority over him.
3. Conduct of such character as to constitute a continuing danger to the physical well-being of other pupils.
4. Physical assault upon another pupil.
5. Taking, or attempting to take, personal property or money from another pupil, or from his presence, by means of force or fear.
6. Willfully causing or attempting to cause, substantial damage to school property.
7. Participation in an unauthorized occupancy by any group of pupils or others of any part of any school or other building owned by any school district, and failure to leave such school or other facility promptly after having been directed to do so by the principal or other person then in charge of such building or facility.
8. Incitement which is intended to and does result in unauthorized occupation by any group of pupils or others of any part of a school or other facility owned by any school district,
9. Incitement, which is intended to and does result in truancy by other pupils.

SUSPENSIONS

Out of School Suspension is assigned for repeated infractions or serious infractions such as fighting, threatening behavior, possession of alcohol or controlled substances, theft, etc. Out-of-school suspensions may be from one to ten days in duration, depending upon the seriousness of the offense and the past record of the student. Parent guardians are responsible for student during the OSS period. **Students are not allowed to return to school during the out-of-school suspension period, nor may they attend any school-sponsored events during a suspension.** A parental conference may be required before a student is permitted to return from a suspension. In School Suspension may be assigned per the Code of Conduct.

Multiple Suspension Rule

Any student, who receives two (2) out-of-school suspensions from school during the course of the year, will become immediately ineligible to participate in any extra-curricular and school sponsored events/activities for the remainder of the year. These events/activities include, but not limited to: athletics, all clubs, dances, field trips, and class trips.

A student may re-earn his/her eligibility by demonstrating acceptable behavior, maintaining academic eligibility, and not receiving any Administrative disciplinary action within **45 school days**. At the completion of the **45-day** probationary period, the student can appeal to the Discipline Review Committee for reinstatement of privileges.

EXPULSION

Expulsion is the most severe form of discipline that can be levied against a student by a New Jersey public school. The decision of a local Board of Education to expel a student has the effect of denying the student educational opportunities in any public school in the state. School administrators can only recommend expulsion to the Board of Education and the Superintendent. Only the Board of Education can take action to expel a student.

Pupil Assault of Staff (NJ Statutes 18A: 37-2)

Any pupil who commits an assault as defined pursuant of NJS 2c: 12-1, upon a teacher, administrator, board member or other employee of the Board of Education, acting in the performance of his duties and in the situation where his authority to so act is apparent, or as a result of the victim's relationship to an institution of public education in this State, shall be immediately suspended from school consistent with procedural due process pending expulsion proceedings before the local Board of Education. Said proceedings shall take place no later than 21 calendar days following the day on which the pupil is suspended.

HARASSMENT, INTIMIDATION, AND BULLYING : [BOARD POLICY #5512](#)

The Board of Education prohibits acts of harassment, intimidation, or bullying of a pupil. A safe and civil environment in school is necessary for pupils to learn and achieve high academic standards. Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a pupil's ability to learn and a school's ability to educate its pupils in a safe and disciplined environment. Since pupils learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

The board policy can be located on the school website by using the "Anti-Bullying Information" link, or by clicking the link above.

NEW JERSEY STATE STATUTE 18A: 25-2

The driver shall be in full charge of the school bus at all times and shall be responsible for order, she/he shall never exclude a pupil from the bus, but, if unable to manage any pupil, shall report the "unmanageable" pupil to the principal of the school which he attends. A pupil may be excluded from the bus for disciplinary reasons by the principal and his parents shall provide for his/her transportation to and from school during the period of such exclusion. This act shall take effect immediately. (Assembly Bill #18 approved 10-14-69).

THE SRO AND COMMUNITY POLICING IN SCHOOLS **RATIONALE FOR LAW ENFORCEMENT OFFICERS WORKING IN SCHOOLS**

"When the School Becomes a Neighborhood"

Although school-based policing continues to grow throughout America, citizens sometimes question the need for providing on-site policing resources in the school setting. Sometimes a police presence is misinterpreted as a sign that schools are unsafe. Imagine a community within a city or county that did not have policing resources assigned to it every day. While families leave their homes each day to go to work and school, police officers patrol their neighborhoods in an effort to protect their property. At the same time these neighborhoods are being patrolled, most secondary schools house more citizens at any given moment than any other public setting in the community. To not have police resources routinely assigned to the school setting is to leave without protection the most populous community - our schools.

SRO As Community Liaison/Problem Solver

A central principle of community policing involves the creation of partnerships between law enforcement and members of the community. The SRO will be expected to serve as a liaison between the school and the law enforcement agency and to provide information to students and school personnel about law enforcement matters. Additionally, the problem solving inherent in community policing requires the SRO to become knowledgeable about and use various school and community resources.

Experience has taught that once trust has been established, students and even parents will seek out the SRO for guidance in day-to-day problems. A SRO knowledgeable about school and community resources is better equipped to direct those seeking assistance to the appropriate resource.

STUDENT DISCIPLINE CODE

Rationale

School, like society in general, is founded on reasonable rules of behavior, which are intended to provide for the well-being and safety of its citizens.

The purpose of the discipline code is to assure that Gloucester City High School is able to provide a positive educational environment for learning and a desirable place for social interaction among students, staff, and the community. To maintain these goals within our school society, the responsibility for success must be shared by all -- the students, parents, teachers, staff members, and administrators.

It is the function of the discipline code to provide for fair and effective practices, which would promote appropriate social behavior. In the event of inappropriate behaviors, consequences will be administered with the intent of promoting a positive change in student behavior.

NOTE: The disciplinary guidelines contained herein are not all-inclusive. Administrative discretion will be taken if and when a more comprehensive disciplinary action is required.

Hall Regulations

Each student should display self-control and courtesy at all times to contribute to the well-being and comfort of his/her fellow students. When passing to class during the day, students should not gather in the halls in groups so as to impede the movement of traffic. Students should walk at all times and arrive at class on time. During building evacuations, observe absolute silence and follow directions.

No one is to be in the hall while classes are in session without a pass. The pass will indicate the destination of the student, such as to one of the offices, to the nurse, or to see another teacher.

Handling of Discipline

Teachers will handle discipline for most offenses. For serious offenses or repeated offenses, the student may be referred to the Assistant Principal for Discipline. A student referred to the office for a disciplinary matter may be assigned a penalty as stated on the charts on the following pages.

A student will be suspended if he/she commits a major infraction or persists with continual disruptive behavior as shown on the charts. The length of the suspension and whether it is from class (in-school) or from school (external) will be determined by the assistant principal according to the rules established for each specific type of suspension.

Listed below are some of the major offenses which may result in a suspension from school (ISS or OSS) on the first infraction unless there are unique and mitigating circumstances in the judgment of the disciplinarian and/or building principal: extortion / intimidation; abusive language directed at staff; open defiance, disruption of school or any action which could lead to the disruption of school; possession and/or consumption of alcoholic beverages; possession and/or use of any Controlled Dangerous Substances or drug paraphernalia; possession of any weapon including, but not limited to pen knives; possession or exploding of firecrackers; destruction of school property; serious antisocial behavior; any action which could lead to bodily injury to any student or staff member. The charts on the following pages give a summary of specific offenses and penalties.

No student, regardless of age, shall be permitted to attend any school functions, on or off school property, if evidence exists that the student is under the influence of some intoxicant. Any student who consumes an intoxicant or who is found to be in possession of or under the influence of any intoxicant while participating in a school activity, on or off school property, shall be subject to disciplinary action. Consumption of any amount of alcoholic beverage is considered to be "under the influence".

Certain behaviors, however, will automatically result in police notification. These behaviors include drug related incidents, weapons offenses, bomb threats, assaults on staff member, and various other "NO TOLERANCE" occurrences.

PRIDE PROGRAM

The GMS PRIDE Program offers an alternative setting to students who struggled to meet behavioral expectations in a traditional school setting. PRIDE is a transition program with the goal of successfully re-entering students into the mainstream population.

Through the utilization of an online learning platform, Gloucester Middle School Staff are able to seamlessly deliver a curriculum aligned with New Jersey’s Student Learning Standards. Students will rely heavily on the use of a cloud-based learning platform that will enable them to store, organize, retrieve, and submit work while a small student-to-staff ratio provides a forum for teachers to provide intimate/individualized instruction and offer immediate feedback.

Egregious student conduct including but not limited to the assault/threat of a staff member, possession of weapon and/or drugs could result in immediate placement into the GMS PRIDE Program. In other cases, students who have accumulated a combination of three in-school and/or out of school suspensions will be considered eligible for enrollment into the PRIDE Program. At this point, entry into the PRIDE Program will be determined by school administration.

Students will be enrolled in the PRIDE Program for a minimum of one complete marking period. Students must adhere to Gloucester Middle School’s Code of Conduct, PRIDE Contract, and Attendance Policy. Students in the PRIDE program are ineligible to participate in any extra-curricular and school sponsored events/activities. These events/activities include, but are not limited to: athletics, clubs, dances, field trips, assemblies, and class trips. If the aforementioned expectations are met, the student will be considered for re-entry into the general population and an exit interview will be scheduled with the student’s parent(s)/guardian(s) to develop a plan and discuss expectations.

Appendix: COVID-19 PROTOCOLS

The following protocols are in effect during the ongoing COVID-19 state of emergency. Since the circumstances pertaining to the pandemic are ever-evolving, we will continue to update these protocols as directives are issued or lifted.

MASK PROTOCOLS:

Per the Governor's order effective on August 9, 2021, "All students, staff and visitors will be required to wear face masks indoors for the start of the 2021-2022 school year."

Students who fail to wear their mask at all times while at school will receive one warning. Subsequent occasions of a student being in non-compliance with mask protocols will result in that student being placed on remote instruction for a *period of time that could be an entire marking period*. The district will provide each student with one face shield.

NOTE: Student face coverings are subject to the provisions as stated in the student dress code. The administration/faculty shall enforce the dress code with the administration having the final decision regarding all matters concerning the dress code. Garments or accessories that depict bias or hate are strictly prohibited, as are those with printed mottos or pictures that are offensive, immodest, promote illegal drug use (tobacco, alcohol, bars, etc.) or sexual violence, breach good taste, or are obscene.

SOCIAL DISTANCING DIRECTIVES:

Any student(s) who refuse to adhere to social distancing directives from staff will receive one warning. Any subsequent violations of social distancing directives will result in the student(s) being placed on remote instruction for a *period of time that could be an entire marking period*.

ENDANGERING THE WELFARE OF OTHERS:

Any student not adhering to all precautionary approaches to ensure the safety and well-being of the student body and/or district staff may be placed immediately on remote instruction for a *period of time that could be an entire marking period*.

This includes but is in no way limited to the following actions which could be perceived reasonably as endangering others:

VISITOR PROTOCOLS:

No visitor - including parents/guardians - will be permitted to enter the school building without an appointment. Appointments will be provided only for the most extenuating of circumstances and should be scheduled a minimum of 24 hours in advance. The majority of all communications will be conducted via phone, email, and video conference.

We discourage parents/guardians from dropping items off for their children. However, in the event it is absolutely necessary, a table will be set up at the front of the building. Parents must leave the dropped off materials on the table, and a staff member will retrieve it and deliver to the student. **NOTE:** Because of the early-dismissal

schedule necessitated by the pandemic, ALL lunches & breakfasts will be distributed as “grab and go” meals; lunches will be distributed at the time of student dismissal. Please do not attempt to drop off meals or food items, as *we will not be able to accept them* during the school day.

If for some circumstance (Governor mandate, COVID flare up, insufficient staffing, etc.) the district needs to go on total remote learning for a day, two days, or extended period of time. The following steps will be taken.

- a. An announcement by the Superintendent via school messenger will go out to all community and staff as soon as possible stating the following:
