Advancement Via Individual Determination

# What is AVID?

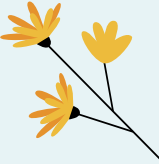

- ❖ A fun, hands-on, college preparatory class.
- ❖ Meant to assist students in all of their core classes & eventually their freshman year of college or first year in the workforce.
  - Students monitor their grades and reflect on their learning in other classes.
  - Students present questions they have from other classes; fellow students and tutors help them arrive at the correct answer (TRFs).
  - Students are helped as they navigate high school and guided in the college application process!
- ❖ AVID is an 8th-12th grade class taken during the school day!
  - AVID elective students visit colleges throughout year, research their future, and host guest speakers to explore more careers.

# AVID Strategies

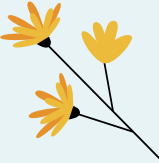

- ❖ Tutorials!!
  - Students present a genuine question they have from another class.
  - As a class, with the help of tutors, the student solves the problem!
  
- ❖ Collaborative Study Groups
  - Meant to look like high school or college study groups
  - Students in the same class work together on assignments
  
- ❖ Socratic Seminar
  - Students read an article or watch a video & discuss in detail their opinions and thoughts.
  
- ❖ Philosophical Chairs
  - Students research controversial topics, pick a side, and debate!
  
- ❖ SO MANY MORE!!! All are meant to help with your high school classes and eventually your plan after high school.

# AVID Enrollment Process

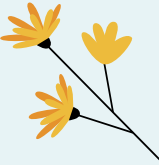

- ❖ Students are recommended by teachers in 7th & 8th grade
  - AVID selects students who are intelligent with good grades and behavior. The students just need support in various avenues (getting involved, time management, organization, study habits, etc).
- ❖ The High School AVID elective teachers, Mr. Hagan and Ms. Blake, interview students toward the end of 7th & 8th grade!
- ❖ If selected, AVID is a full year course from 8th-12th grade with the same students!!
